

Today, we see change in mentality. Ageing with elegance becomes the new standard with the need to do everything possible to progress in the years with confidence.

In this quest for the radiance of beauty, mature women expect cosmetic products with sensoriality and also with intelligent efficiency.

Natura-Tec Marine BlueRevelation™ 50+ takes up these challenges. Cocktail of Brown Diatom and Green Eustigmatophyceae extracts, **Natura-Tec Marine BlueRevelation™ 50+** is concentrated in omega-3 and omega-6.

EPA protects from UV damage in the skin. Increases collagen and elastic fibers expression ⁽¹⁾.

ETA inhibits inflammation, augments stem cell proliferation, restores normal lipid-derived signaling molecules and prolongs life span ⁽²⁾.

Also rich in sterols such as cholesterol, beta-sitosterol and tocopherol, known to accelerate skin barrier's recovery, improve skin elasticity and promote hyaluronic acid biosynthesis in fibroblasts⁽³⁾, **Natura-Tec Marine BlueRevelation™ 50+** is ideal for mature skin.

EPA : Eiconapentaenoic acid , Omega 3
ETA : Eicosatetraenoic acid, Omega 6

NATURA-TEC MARINE BLUEREVELATION™ 50+ **Reveals the natural glowing beauty of mature skin**

PROPERTIES

NATURA-TEC MARINE BLUEREVELATION 50+™ is a powerful cocktail of microalgae providing an integrative approach to enhance mature skin beauty thanks to its remarkable properties. **NATURA-TEC MARINE BLUEREVELATION™ 50+** intensively moisturizes, nourishes and smoothes the skin while acting on cutaneous density and elasticity.

Our in vivo test revealed excellent results. 30 volunteers of 55 years old on average tested a formulation containing 1,5% of **NATURA-TEC MARINE BLUEREVELATION™ 50+** versus a placebo for 2 months.

After 2 months of twice daily applications:

NATURA-TEC MARINE BLUEREVELATION™ 50+ significantly increases skin hydration by 33% and skin elasticity by 20%,

NATURA-TEC MARINE BLUEREVELATION™ 50+ effectively increases concentration of collagen, elastin and skin nutrients, leading to an increase of skin density.

Moreover, NATURA-TEC MARINE BLUEREVELATION™ 50+ significantly reduces wrinkles' visibility by 26%.

Additionally, its powerful efficacy shows a specific impact on the vertical wrinkles which are the most difficult to reduce. **After 2 months, moderate and deep vertical wrinkles are significantly attenuated, particularly those located on upper lip areas.**

All these results demonstrate **NATURA-TEC MARINE BLUEREVELATION™ 50+** is **THE** ideal choice to reveal the glowing beauty of mature skin.

COSMETIC APPLICATIONS

Dosage : 0,5-3% in skin care applications.

Applications : Anti-ageing, anti-wrinkle treatments (skin densifier, collagen booster, skin elasticity enhancer), day and night creams

TECHNICAL DATA

Appearance: Deep yellow to brown liquid

INCI : Triolein (and) *Cylindrotheca Fusiformis* Extract (and) *Nannochloropsis Oceanica* Extract
