SHAPING TOMORROW'S BEAUTY TODAY

# *DL Prototype Kit*

2025

## **Revolutionizing Formulation, Elevating Possibilities**

Step into the future of personal care with our DL Prototype Kit for 2025—a visionary collection designed to push the boundaries of beauty innovation. This year's formulations are crafted to meet the ever-evolving demands of modern consumers, delivering multi-functional benefits, sensorial excellence, and sustainable performance.

Each formula in the kit is a testament to our commitment to cutting-edge technology and high-performance ingredients, ensuring a comprehensive, forward-thinking approach to beauty. From skin-caring color to adaptive textures, our 2025 kit is designed to empower brands with trend-driven solutions that cater to efficacy, sustainability, and experience.

**Unlock the future of beauty.**  
**Experience formulations that not only perform but also inspire.**

# HAIR SERUM ALL-IN-ONE

LCS241021

Hair Serum All-in-One is your go-to solution for heat protection, detangling, and anti-frizz in one lightweight formula. This multitasking serum strengthens and nourishes hair while enhancing shine and locking in moisture for soft, silky strands. Hair Serum All-in-One helps protect against heat damage, leaving your hair smooth and manageable. It also promotes the appearance of thicker, fuller hair with continued use. Experience the ultimate all-in-one care for healthy, radiant hair every day.

Trade Name	INCI Name	w/w%
Phase A		
Water	Water	84.6
Geogard Ultra Non-GMO	Gluconolactone (and) Sodium Benzoate	1.0
Glycerin	Glycerin	2.2
Xanthan Gum	Xanthan Gum	0.6
Olivoil Glutamate SP	Sodium Olivoyl Glutamate (and) Disodium Cocoyl Glutamate	2.5
Abysoft™	Crambe Abyssinica Seed Oil Phytosterol Esters	1.5
CosmoSurf® CE-100	Octyldodecyl Citrate Crosspolymer	2.5
BGT™ Hair-KPro	Decapeptide-4	1.0
Kerashaft ALAB	Hydrolyzed Vegetable Protein (and) Saccharomyces Polypeptides (and) Arginine (and) Lysine (and) Leucine (and) Water	2.0
Redensyl™	Glycerin (and) Water (and) Larix Europea Wood Extract (and) Glycine (and) Camellia Sinensis Leaf Extract (and) Zinc Chloride (and) Sodium Metabisulfite	2.0
Sweet Nectar & Hibiscus Fragrance	Parfum (Fragrance)	0.1
TOTAL		100.0

## PROCEDURE

1. While heating Water to 75-80°C, add Geogard Ultra and mix until dissolved.
2. Premix Glycerin and Xanthan Gum, then add to batch and mix until fully hydrated. Cool to 40-45°C.
3. At 40-45°C, add the remaining ingredients one by one, homogenize until uniform. Cool to room temperature.

# LUSHLOCKS THERAPY

LCS241111

LushLocks Therapy is the perfect mask for deeply nourishing and revitalizing both your hair and scalp. This rich mask provides intense conditioning while smoothing and softening each strand for a silky, manageable finish. Infused with powerful ingredients, LushLocks Therapy strengthens hair from root to tip, helping to reduce breakage and promote healthier hair. It also locks in moisture, leaving hair soft, shiny, and smooth. Treat your hair to this ultimate deep-conditioning experience for stronger, healthier-looking locks.

Trade Name	INCI Name	w/w%
Phase A		
Water	<i>Water</i>	76.6
Sodium Phytate	<i>Sodium Phytate</i>	0.1
Glycerin	<i>Glycerin</i>	2.0
Hydroxyethylcellulose	<i>Hydroxyethylcellulose</i>	0.6
Behentrimonium Methosulfate	<i>Behentrimonium Methosulfate</i>	3.0
Cetyl Alcohol	<i>Cetyl Alcohol</i>	5.0
Cetearyl Alcohol	<i>Cetearyl Alcohol</i>	5.0
CosmoSurf® CE-250	<i>Behenyl/Octyldodecyl Propanediol Citrate Crosspolymer</i>	1.0
Plantsil™ Xcite 350	<i>Hydrogenated Ethylhexyl Olivatate (and) Ricinus Communis (Castor) Seed Oil (and) Phytosterols</i>	2.0
Plantsoft™ LUX L	<i>Butyrospermum Parkii Butter (and) Glyceryl Oleate (and) Olea Europaea Oil Unsaponifiables</i>	1.0
Phase B		
BGT™ Hair-KPro	<i>Decapeptide-4</i>	1.0
Italine™ P	<i>Propanediol (and) Punica granatum Bark/Fruit Extract (and) Water</i>	1.3
AdvensProtect PEHG	<i>Phenoxyethanol (and) Ethylhexylglycerin</i>	1.0
Cherry Blossom Fragrance	<i>Parfum (Fragrance)</i>	0.4
TOTAL		100.0

## PROCEDURE

1. While heating Water to 75-80°C, add Sodium Phytate and premixed Glycerin and Hydroxyethylcellulose. Mix until fully hydrated.
2. At 75-80°C, add remaining Phase A one at a time, mixing well after each until dissolved. Cool to 40-45°C.
3. Add Phase B ingredients individually and homogenize until uniform.

# I CAN'T BELIEVE IT'S NOT HYPOCHLOROUS ACID FACE MIST

LCS241112

Can't Believe It's Not Hypochlorous Acid Face Mist is a soothing, microbiome-friendly solution designed to calm and refresh your skin. Formulated with advanced actives, it helps balance the skin's natural microbiome while targeting acne and irritation. The lightweight mist delivers deep hydration, leaving your skin feeling soft and nourished. Can't Believe It's Not Hypochlorous Acid Face Mist is perfect for daily use, promoting clear, calm, and healthy-looking skin. Enjoy a gentle, effective mist that works without harsh ingredients.

Trade Name	INCI Name	w/w%

<b>AdvensProtect 5 Green</b>	<i>Pentylene Glycol</i>	3.0
<b>AdvensProtect 6</b>	<i>1,2-Hexanediol</i>	1.0
Glycerin	<i>Glycerin</i>	1.5
<b>Asteral</b>	<i>Aster Tataricus; Flower, Leaf, Stem Extract</i>	3.0
<b>Hydrasphere™</b>	<i>Sea Water Extract</i>	0.5
Phase B		
<b>Marine OceanMist CL™</b>	<i>Caprylic/Capric Triglyceride (and) Nannochloropsis Oceanica Extract</i>	0.2
Cherry Blossom Fragrance	<i>Parfum (Fragrance)</i>	0.1
Polysorbate-80	<i>Polysorbate-80</i>	2.4
TOTAL		100.0

## PROCEDURE

1. Heat water to 75–80°C, then cool to 40–45°C. Add Phase A ingredients one at a time and mix until uniform.
2. Add premixed Phase B and mix well.

# ALL YOU CAN PEPTIDE SERUM

LCS241023

All You Can Peptide Serum is a powerful multi-benefit formula designed to address a range of skin concerns, including anti-aging, anti-acne, and lifting effects. Infused with cutting-edge peptides, this serum helps firm the skin, reduce sagging, and enhance overall texture for a smooth, youthful appearance. All You Can Peptide Serum also delivers a soft-focus effect to blur imperfections, while deeply hydrating to improve skin elasticity. Ideal for anyone seeking comprehensive skincare in one formula, it targets fine lines, blemishes, and signs of aging for a radiant, rejuvenated complexion.

Trade Name	INCI Name	w/w%

PeptiLift	<i>Potassium Glutathione Isomerized Linoleate (and) Sh-Pentapeptide-5 (and) Water</i>	3.0
TOTAL		100.0

## PROCEDURE

1. While heating Water to 75-80°C, add premixed Glycerin and Hydroxyethylcellulose. Mix until fully hydrated. Cool to 40-45°C.
2. At 40-45°C, add remaining Phase A one at a time, mixing well after each until dissolved.

# CERACALM OVERNIGHT MASK

## LCS241114

CeraCalm Overnight Mask is designed to soothe and repair your skin while you sleep, delivering deep hydration and calming effects. Formulated with mood-boosting and anti-stress ingredients, it works to reduce irritation and restore your skin's natural balance. CeraCalm Overnight Mask enhances ceramide production, strengthening the skin barrier for long-lasting moisture and protection. The rich, velvety texture nourishes and repairs, leaving your skin refreshed and rejuvenated by morning.

TOTAL		100.0

## PROCEDURE

1. Heat Water to 75–80°C. Add premixed Glycerin and Xanthan Gum, mixing until fully hydrated.
2. Separately, heat Phase B to 75–80°C or until fully melted. Combine Phases A and B at 75–80°C and mix thoroughly. Cool to 40–45°C.
3. Add Phase C ingredients one by one. Note: Use a protective blanket when adding Retinol at room temperature.

# BLEMBEGONE ACNE TREATMENT

LCS241115

BlemBeGone Acne Treatment is your all-in-one solution for fighting breakouts while calming and soothing the skin. Formulated with powerful actives, it targets acne, reduces redness, and restores balance to your skin's microbiome. BlemBeGone not only treats blemishes but also hydrates and nourishes, leaving your skin soft and moisturized. Its soothing properties help calm irritation while promoting a healthy, clear complexion. Say goodbye to acne and hello to smooth, radiant skin with this microbiome-friendly treatment.

TOTAL		100.0

## PROCEDURE

1. Heat water to 75–80°C, then cool to 40–45°C. Add Phase A ingredients one at a time and mix until uniform.
2. Add premixed Phase B and homogenize until homogenous.

# TRI-LURONIC ACID

LCS241116

Tri-Luronic Acid Serum is a powerful hydrating formula designed to deliver deep moisture and plumping effects for all skin types. Featuring a blend of low, regular, and high molecular weight hyaluronic acids, it penetrates multiple skin layers for intense hydration and lasting moisture retention. Tri-Luronic Acid Serum helps repair the skin's barrier, leaving it smooth and supple while visibly reducing the appearance of fine lines. Its advanced anti-aging properties promote a youthful, plump complexion. Enjoy skin that feels revitalized, refreshed, and fully moisturized with this all-in-one hydrating serum.

Trade Name	INCI Name	w/w%
Phase A

TOTAL		100.0

## PROCEDURE

1. While heating Water to 75-80°C, add Geogard, Sodium Phytate and premixed Glycerin and Xanthan Gum individually. Mix until fully hydrated. Cool to 40-45°C.
2. Add premixed Phase B and mix thoroughly until uniform.
3. Add premixed Phase C and homogenize until uniform. Cool to room temperature.

## SCALSKIN RESET

LCS241020

ScalSkin Reset is a powerful, multitasking treatment that targets both skin and scalp concerns. Formulated with advanced exfoliants, it gently removes dead skin cells, smooths texture, and regulates sebum production for a clearer, balanced complexion. This treatment also helps reduce acne and blemishes while promoting healthy cell turnover. With its unique blend of actives, ScalSkin Reset delivers a refreshed, soothed, and rejuvenated look from head to toe. Perfect for achieving smoother and healthier skin and scalp in one step.

Trade Name	INCI Name	w/w%
