

# Feel Good Curl Glow Serum

## 2506A — FGCGS

Enhance your curls with Curl Glow Serum.

Our finishing serum is specially designed for curly, coily, and kinky hair in need of hydration, shine, and definition. Its rich, non-greasy texture is achieved thanks to Natural BBB (Beauty Balm Base), offering a smooth and sensorial application.

Enriched with Natura-Tec Abysoft, it delivers deep hydration while boosting the elasticity, suppleness, and natural radiance of your curls. Finally, Natura-Tec Plantsoft L creates a protective barrier to shield your hair from external aggressors while locking in moisture. This serum provides shiny, defined hair, without weighing it down.

	Ingredients	INCI	%	Function
A	Natura-Tec BBB — Beauty Balm Base	Hydrogenated Ethylhexyl Olivatate (and) Hydrogenated Castor Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol	25,0	Multifunctional base - Easy to use with a unique sensoriality

## PROCEDURE

Weigh Phase A and heat it to 70°C. Then, add the phase B whilst stirring moderately. Homogenize using UltraTurrax (2 min at 6000 rpm) and pour it in a specific mold.

## APPEARANCE

Gelled serum

## WAY OF USE

After your usual hair routine, apply a small amount of our finishing serum strand by strand to seal in moisture and define curls with a lightweight feel
